Number 13

## A.G.S. To Promote Silliman Library

Hartnell's Nu chapter of the Alpha Gamma Sigma honor society has chosen as its project for the year the publicizing of the Silliman Library and the expansion of its use by the students of Hartnell.

The valuable material in the Silliman Library was donated to the College by Mr. O. P. Silliman in order that it might be available to such students as might wish to use it, instead of having it stored some place where it would be unavailable or inconvenient to use.

It was agreed when the material was accepted by the college that the room would be kept locked at all times when not under the supervision of a faculty member, because the volumes are rare and quite valuable. Last year the room was open at all times because Doctor Borough had his office there, but since his office was moved out there has been no instructor in there regularly and so the room had to be kept locked. The material was available upon request but comparatively few students bothered to ask.

Accordingly, the A.G.S. has been instrumental in persuading faculty members to spend some free hours in there so that the door might be unlocked and students should feel free to enter at will. Thus far two instructors have consented to spend time in the room. Mr. Johnson will be there from 10 to 12 on Tuesday and Thursday, and from 2 to 5 on Mondays, and Mr. Robinson will be there from 2 to 4 on Tuesdays and Thursdays.

Many teachers have agreed to assign work in the Silliman Library for their classes (work that normally would be done in the regular library, so don't kill the A.G.S. members.—Ed. Note) so the students may become familiar with the extensive material to be found there.

The members of Alpha Gamma Sigma are also planning to conduct a publicity campaign consisting of posters and newspaper notices in an attempt to get the students to use the facilities of the Silliman Library.

## Political Science Class Has Speaker

Last Wednesday, February 24, Lieutenant Duncan and Juvenile Officer Herb Robertson spoke to Mr. Johnston's 8 and 9 o'clock political science groups on the law enforcement problems in the Salinas area.

This appearance was requested by the students especially to ask questions on vagrancy laws concerning loitering around the Salinas Union High School.

On the Hartnell College campus are the administration building, library, gymnasium, athletic fields, and classrooms.

## First Soph Class Meeting Held

The sophomore class met for the first class meeting of the year last Friday, February 19, at the 2 o'clock assembly.

The meeting was presided over by the class president, Helen Allen, formerly vice-president, but who assumed the presidency when ex-President Jim Hitchcock left college. Three topics, the Sophomore Skit, the class gift, and the class booth for the Spring Carnival were acted upon.

Charles Collins was appointed chairman of the gift committee, and Harry Chin and Darrell Rains were appointed to aid him. They are to investigate the possibilities for a gift to be donated to the student body by the Class of '54, and to make a recommendation to the class as to which gift would be best. This is in accordance with the yearly custom of the giving by each graduating class of a permanent gift to the college.

In addition, Elizabeth Ash and Anita Martindale were placed in a committee to select the Spring Carnival Booth to be operated by the sophomore class.

The plans made at the February 19 meeting as regards the Soph Skit were changed at a special class meeting held at 4 p.m. on Wednesday, February 24. Committee Chairman Harry Pennoh reported that the original plans for an evening performance of the skit were impractical as a means of raising money for the class treasury, and those present at the meeting decided to have a Sophomore Day—with assorted daytime activities—and a dance in the evening to raise cash.

## Arlen Conner Bosses Juke Box

Jerry Ledin, former jukebox operator for the Hartnell Associated Students, has resigned his position, and the vacancy was filled by Arland Conner.

Arland hails from King City, and is in his third semester at Hartnell. He promises to have many fine records for students in the cafeteria, and advises them to save their nickels for the Hartnell jukebox.

The records for the machine are obtained from Gadsby's Music Company in Salinas. Forty per cent of the profit is taken by the operator, and the other 60 per cent is paid into the student body fund.

The jukebox was placed in the

## Lloyd Johnson Takes S.B. Office

Lloyd Johnson, the new commissioner of rallies and assemblies, was selected on Friday, February 12, by the Student Commission.

Lloyd was born in Salinas 18 years ago, graduated from Salinas Union High in '53, and is now a freshman here at Hartnell. He is quite active in the Flying Club, having once owned his own plane. He is also a member of the Ski Club.

Lloyd stated that the last assembly was cancelled because of the necessity of the freshman and sophomore class meetings. He is planning to have for the next assembly, his first, the College of Pacific Choir which will be on April 9.

## Bulletin Board Lists Job Notices

Many Hartnell students seeking part-time employment have found leads to the necessary jobs posted on the Hartnell bulletin board.

The firms of the Salinas area notify the administration office at Hartnell when they need helpers, and the notice is placed on the bulletin board situated on the corner beside the faculty mail room.

Mr. McCallum is the director of job placement here at the college, and Mrs. Heple in the office takes the calls from the local merchants.

Students in need of jobs are urged to take a look at the bulletin board now and then.

## HONOR SOCIETY AWARDS

The members of Alpha Gamma Sigma Honor Society who have a 2.75 grade point average are eligible to become candidates for one of the four awards given by the State Honor Society. Two California men and two women students who belong to Alpha Gamma Sigma upon graduation from junior college will become recipients of the two 200-dollar awards and the two 100-dollar awards. The selection of the winners will be made on the basis of scholarship, leadership, service, and financial need.

Ten tuitions scholarships are also available to Alpha Gamma Sigma members for the junior year in colleges including College of the Pacific, Occidental, Pepperdine, University of Redlands, University of Southern California, Whittier College, LaVerne, and Pomona.

cafeteria last year by Bob Azcona, whose father operates a jukebox business in King City. Azcona tended the jukebox for a short time after its installation, and it was then sold to the student body.

## La Reata Sales Begin!

## Selective Service Test Application Deadline Nears

All eligible students who intend to take the Selective Service College Qualification Test in 1954 should file applications at once for the April 22 administration, Selective Service National Headquarters advised today.

An application and a bulletin of information may be obtained at any Selective Service local board.

Following instructions in the bulletin, the student should fill out his application immediately and mail it in the special envelope provided. Applications must be postmarked no later than midnight, March 8, 1954. Early filing will be greatly to the student's advantage.

Results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student, according to Educational Testing Service, which prepares and administers the College Qualification Test.

## Newman Club Holds Luncheon

Hartnell's Newman Club entertained members and guests at a luncheon held last Tuesday, February 23, in room 35.

Guest speaker was Father Farrel, a chaplain at Soledad Prison, who centered his talk around narcotics and their effect on the crime rate among young people. As a possible solution he offered the idea of setting up clinics to care for addicts and minimize the profit and thus the sales of narcotics.

Reservations and invitations were handled by General Chairman Barbara Perelli-Minetti, Maxine Russo, Esther Williams, and Dean Larkin. Guests at the luncheon included Mr. and Mrs. Lemos, Mr. and Mrs. Ulrici, Club Chaplain Father Cummings, Mr. Eris, and Club Advisor Miss Perry.

## Coming Events

Social events scheduled for the second semester include the sixth annual Spring Carnival, sponsored by the Interclub Council for the purpose of raising money for student union accessories and which is tentatively scheduled for April 10th.

April 2nd is the date for Sadie Hawkins Day. Other special events scheduled are the Spring Prom, Sophomore Day, and Hartnell Day.

This year's yearbook, under the able editorship of Dorris Simon and Karol Klauer, has made great gains in the difficult task of sending its sections to press on time.

The freshmen and sophomore divisions of the book are as good as ready for the presses, and sports and activities, the larger sections of the book, will have no difficulty in reaching the March 15th deadline according to respective editors. The organizations and faculty departments of the yearbook are also well on the way to completion for the approaching deadline.

La Reata sales promotion is handled this year by Betty Houston, a yearbook editor. She plans an extensive campaign, including posters and other publicity gimmicks.

La Reata pledge cards are now on sale, and may be purchased from any staff member. Prices are \$2.50 for students with a student body card, and \$5.00 for those without.

## Art Club Holds A Cake Sale

Homemade cakes went on sale in the Art Room yesterday, Thursday, February 25. The sale was sponsored by members of the Art Club to raise money for their scholarship fund.

Also featured was an Art Exhibit consisting of contributions from the water color, oil painting, figure drawing, design and craft classes under the instruction of Mr. Leon Amyx.

Chairman of the cake sale was Lilly Malbas, assisted by committee chairman Larry Vera, Walt Dolan, Rich Young, Allen Miller, and Shirley Sherman.

The Art Club members in recent meetings have considered taking a sketching trip to Yosemite.

## CBEA Meets Here

The Central Coast Section of the California Business Education Association will hold its spring meeting on Saturday, March 6, at Hartnell college.

It begins at 9 o'clock with registration and the business meeting. At 11 o'clock the workshops of Shorthand, with Ruth Mahan chairman, Work Experience with Godfrey Huber chairman and Developing Desirable Business Traits with Dr. J. D. Blacow chairman, will meet.

From 11 o'clock to 11:30 the General Session meets and then at 12:30 o'clock lunch will be served at Santa Lucia Inn.

There will also be an installation of officers.

## THE EDITOR'S VIEWS

By DARRELL RAINS

ATTENTION, all Hartnell students! Whereas the Silliman Library was donated for the good of the students, and whereas two of the Hartnell instructors have volunteered their time to allow the room to be left open and supervised, it is hereby recommended that the students of Hartnell take time to examine the wealth of material available in the Silliman Library.

More seriously, the Alpha Gamma Sigma chapter here at the college has taken upon itself to promote wider usage of the Silliman Library, and we feel it is a good thing. It's not just a duty of the students to use the information there; the material is invaluable in many courses, and you will probably find it to your advantage to use it.

Now that warm weather has descended upon us—even if only temporarily—suntans are again becoming the style, also assorted sun burns. Just don't get caught burning yourselves down on the warm sand when you should be broiling in a classroom. A nice suntan is okay, but it won't take the place of a passing grade come time to graduate or transfer!

Speaking of the weather, Hartnell could certainly use an air-conditioning system to cool off some of the rooms in hot weather . . . or maybe it isn't the weather that heats up Room 9?

Would you like to see a series of cartoons in The Panther Sentinel? If so, let us know. We have artists lying around who could do a series if we beat them hard enough, so let's have your opinions. O.K.?

The Panther Sentinel office contains a large file cabinet. Within that file cabinet rests a drawer, and within the drawer are deposited all the exchange papers we have received from other colleges (and a few high schools). If you think we might have one you'd be interested in, come in and see us. Just please don't come in and dig around without letting us know, and while no one's around.

Buy your La Reata now, and avoid the rush! Only a limited number of copies of the annual will be printed, so you had best get your order in quickly, if you want to be sure to get one without any trouble. Prices are \$5 per copy, but if you are the proud possessor of a Hartnell Student Body Card you can get the book for half price—only \$2.50 for those with an S.B. Card.

Note to All Sophomores: Don't forget to fill out an application for graduation if you intend to graduate this next June. The application blanks are available in the administration office, and must be filed by today. Don't forget to remember!

## DID YOU KNOW . . .

By RICK OLIVER

- . . . that Richard Young got a terrific writeup in the Gilroy newspaper for his water-color display.
- . . . that some students have been getting terrific sun tans these past couple of weeks while others have been going to classes.
- . . . that Wayne Heple, a former Hartnell student, and that pretty gal in the office by the name of Pat Nielsen got married last Saturday night in a big wedding.
- . . . that the Ski Club from M.P.C. was also at Yosemite last weekend.
- . . . that Yvonne Yutz who was with us last semester is now vigorously studying at a local institution. Some people call it Monterey Peninsula College.
- . . . that the International Club heard a very interesting talk on juvenile delinquency by Herb Roberson, juvenile officer, Tuesday, during its meeting.
- . . . that Henry Garehime, one of our football stars, and Sally Lipsett, Homecoming Queen of '52, are getting married on Saturday, February 27. CONGRATS!
- . . . that approximately a dozen girls from the campus visited the Fort Ord Hospital a few days ago. This was arranged by the Red Cross. (Now that the war is over we tend to forget the fellow in the uniform. The student body of Hartnell think this was a mighty fine gesture.)
- . . . that Jack Haggerty left us this semester in preparation to his marriage to Anne Brooks, a former Hartnell student. They will be married on March 6. BEST WISHES!
- . . . that the student union will primarily be a student activity center.
- . . . that Lloyd Johnson is the new commissioner of rallies and assemblies. The commissioner of publicity has not been selected yet.
- . . . that the student union should adequately serve the needs of the college for the next ten years, based on average daily attendance of 1,000 students.
- . . . that President Lemos attended a conference last week in Sacramento, where he was briefed and then took part in the state survey on higher education in California.
- . . . that the school board selected Architect Jerome Kasavan, who is now in the process of drawing up the plans of the student union

## Husband, Wife Attend Hartnell This Semester

Bryan and Elizabeth Whitworth, both attending Hartnell college this semester, have had a very interesting romance. Bryan, who was an Air-Policeman, which is the same as an M.P., was visiting a buddy who was sick and was interned in a military hospital in Denver when he met Elizabeth.

"I went to see my friend every day," said Bryan, "When one day I was walking down the hall and saw Elizabeth sitting in her room, with a broken arm and two very large black eyes. I later found out that she had taken a nasty fall and was confined to her room for a while." From then on, Bryan started to visit Elisabeth every day. "We were both interested in the same things, both in the air force, and stationed in the same city. We even lived about the same distance from the ocean. I lived nine miles from the Pacific, and she lived nine miles from the Atlantic.

"We were married while in the air force with a military wedding, rifles, bayonets, the works," says Bryan.

Bryan, who was a former student at Hartnell in 1949-50, recommends one thing. Said Bryan, "I wouldn't recommend joining the air force, or, as far as that goes, any armed forces, just to find a wife or husband."

## Irwin Forbes Outlines Duties

Irwin Forbes, the Hartnell College Student Body Commissioner of Finance, has announced that the income from student body membership dues has reached a total of \$1,150 for this semester.

The duties of the commissioner of finance, an appointive position, include keeping the books for the student body funds, issuing purchase orders, and preparing a monthly statement on the financial activity of the Associated Students. In addition, he serves as chairman of the budget committee, supervising the preparation and revision of the yearly budgets. He receives \$80 per month for his services, because of the time involved and the training necessary.

Mr. Forbes, a 27-year-old sophomore, has held his position for the last two semesters, and will continue to do so until the end of this class year. He was born in Algona, Iowa, but is now a resident of Santa Cruz, California, and commutes on the Hartnell bus.

Planning to become a certified public accountant after completing his education, Irwin has expressed his intentions of completing his studies at the University of California after graduation from Hartnell.

## Business Graduates Successful

Just before the close of the Fall, 1953, semester, five advanced shorthand students in Mrs. Harper's classes were able to receive Gregg awards for speed in writing and transcribing Gregg shorthand. Having successfully passed the 80 words per minute shorthand writing test and receiving Gregg certificates for this accomplishment are: Henry Salas, Eulalia Gonzales, and Nancy Conner.

In addition, Claire Lucich and Carle Yaguchi received certificates and gold pins for writing, shorthand at 100 words per minute and transcribing difficult contest material. They now join Marilyn McCollum in the exclusive 100 W.P.M. Shorthand Club and are the only students to have earned the 100 word-per-minute awards for the fall semester.

In making a spot survey of last year's business students who attended Hartnell during the fall semester of 1952 and the spring semester of 1953, Mrs. Anne L. Harper found all of the students employed, many in local offices and a few in distant places. Of the group contacted, 62 per cent are still single, while 38 per cent are married. In the married group, slightly over two thirds are presently working.

Employed as stenographers or secretaries are: Phyllis Avila, with the Monterey County Sheriff's Office, Salinas; Dorothy Robinson, U.S. Civil Service position with Immigration Bureau, Salinas; Mae Osugi, secretary to John Rosendale, Jr., Salinas attorney; Betty Sale, Boy Scout Regional Headquarters, Salinas; Patricia Nielsen, Hartnell College office; Anna Brooks, secretary, Be-Ge Manufacturing Company, Gilroy; Mary Joe Stout, steno-receptionist, chamber of commerce office, San Jose; Mrs. Frances Taylor, secretary, education department, Brown University, Providence, Rhode Island; Hazel Nelson, working for Attorney John Murphy, Salinas; and Judy Sagert, working for the Welfare Department, Monterey County Court House, Salinas.

Employed as typists, office clerks, or bookkeepers: Dolores Sanchez, Vath Accounting Service, Salinas; Nancy Ichikawa, Salinas Collection Agency; Elenor Oakley, Hayward Lumber Co., Salinas; Maxine, Pianolto, Buick Agency, Salinas; Diane McKenzie, Eckhart Seed Company, Salinas; Ramona Duron, County Superintendent of Schools, Court House, Salinas; Paul Muniz, typist, office clerk, Fort Ord; Marilyn Gilbert, bookkeeper, Favorite Market, Salinas; Norma Gimenez, National Automobile Club, Salinas; Maxine Gordon, Pajaro Valley National Bank, Watsonville; and Donna Halley, the Register-Pajaronian, Watsonville.

Joining the wedded ranks and working are: Veretta Bolin Snider, office clerk, Monterey County Bank, Salinas; Diane Robinson Ledin, receptionist-typist, Station KSBW-TV, Salinas; Arlene Gubser, receptionist and office clerk, dental office, Gilroy; Donna Hufhines, office clerk, Hartfield's Dress Shop, Salinas; Shirley Wharton, office clerk, Crane Company, Salinas; Joann Goolsby, office clerk, Englund Packing Company, Salinas; Shirley Silva, stenographer, Dean of Women's office, Salinas High School; Eldora Castro, stenographer, insurance adjusters, Salinas; Barbara Breem, typist, office clerk, U.S. Civil Service, Alabama; Mary Dutra, office clerk for Butane Gas Company, King City; and Jeanine Craddock, office clerk, Brown's Department Store, Salinas.

## Frosh Hold First Meeting Of Year

The Freshman Class meeting held last Friday, February 19, at 1 o'clock began with a financial report on the Freshman sponsored dance, which ended up slightly in the red.

Suggestions for another project included a cake sale and slave day. The group decided to start making tentative arrangements for a "Slave Day."

Steve Jones was then appointed Interclub council representatives by President Larry Bosio. The meeting adjourned in 40 minutes.

On the committee for arrangements of "Slave Day" are:

Mary Griffin, Arlene Olsen, Rosita Borja, Carolyn Whitney, Joyce Vandiver, Maxine Russo, Lorraine Cursi, Valerie Johnston, Pat Holland, Louise Pomo, and Florence McLean.

## Art Dept. News

The Water Color Class, which has been active in field trip participation to spots like Carmel and Pacific Grove, had a display of paintings along with the Art Club cake sale. This class meets on Tuesdays and Thursdays from 1 to 4.

The elementary Crafts class is presently working on portfolios to hold their paintings and problems. The outside of the folder is made

of crinkled water colored-designed paper put together with matching denim. This class meets on Tuesdays and Thursdays from 9 to 12.

The Design class is working on problems dealing with shape. The advance group is now designing four-sided straight-angular figures that contain five different shapes.

The figure drawing class that meets on Mondays and Wednesdays from 10 to 12 is sketching the human body and drawing head portraits. They use live models for the examples. This class will continue to do work on the sketching of human anatomy for the remainder of the year.

## LET'S FACE IT

By J. R. INGRAM

It's about time the rumbling and grumbling regarding the 21 G.I. POW's stopped. Let's face it. The 21 pro-Communist G.I.'s who chose to cast their lot with the slaves behind the Iron Curtain did so on their own initiative. They took themselves and their beliefs where they belong. Assuming

they were afraid to come home because they sold out their "buddies" to the enemy, or they were at heart exhibitionists and enjoyed the fuss and fanfare made over them, or the dreams of easy living lulled them against the future of a firing squad when they had served the purpose for the enemy. Traitors, these men are to be sure, but they deserve credit. Yes, I mean it! They deserve credit for the courage of their convictions, regardless of what prompted them. We are well rid of them and should be thankful that we shall not have to witch-hunt for 21 characters who will stand on their Constitutional rights and hide behind the "Fifth Amendment." Haven't most of us often asked ourselves, when we hear our country maligned, "Why don't they go to Russia and live there?" Well, these jokers did just that, so what are we moaning about? The persons who

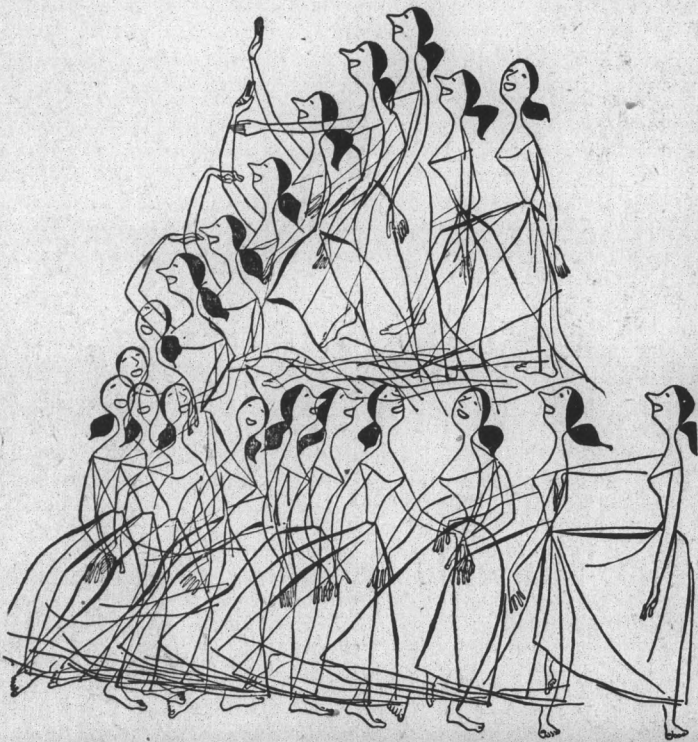

really deserve our condemnation are the ones who screams so loudly about "Freedom of Speech," but when they get an opportunity to speak freely, all they can say is "Fifth Amendment." Sic' em!

## ART CLUB

At the January 12, 1954 meeting, the Hartnell Art Club elected the new officers for the spring semester.

The new officers for the club are: President, Loava Mead (re-elected from last semester); Vice-President, Lilly Malbas; Secretary, Shirley Gnesa; and Treasurer, Walt Dolan.

Other officers appointed by the executive committee were: Larry Vera and Walt Hughes, freshmen representatives, and Richard Young, social activities chairman. Mr. Leon Amyx is the club advisor.

## 175 Students Ride Hartnell Buses

Approximately 175 Hartnell students ride the college busses for transportation to and from their homes in communities other than Salinas.

The Hartnell College District rents six buses from the Salinas High School District, and these buses — driven by college students — travel up to 120 miles round-trip, with the longest runs going to Santa Cruz and King City.

According to Transportation Manager, Mr. Don Drew, the student drivers are doing an excellent job, and have an excellent safety record. Last semester a dinner was held in honor of the bus drivers. There Don Drew gave out safe driving awards to the student drivers.

The pay for driving the buses on their runs varies with the distance traveled and the time it takes.

## School Board Recommendations

Three major recommendations were presented to Doctor Ching, superintendent of schools, on February 6, by the architect, Mr. J. Kasavan, concerning the building of the student union.

The first recommendation was that no basement be contemplated now or in the future, since the college has ample property to develop the required facilities on the ground. Other things being equal, the building of a basement on this site would be an expensive way to acquire space of limited utility, in that problems of access, exit, moisture, ventilation, and lighting render the use of a basement comparatively unpleasant. In addition, storage facilities as required should be provided on the ground floor.

Mr. Kasavan suggests that a cafeteria or coffee shop should be incorporated into the Student Union. Whereas, the present cafe-

teria and lounge can be converted into classroom space. (This will add some 3,600 sq. ft. of classroom space to the college.) Even though it may not be now possible to incorporate the coffee shop into the Student Union at present, the design should provide for the future additions of this facility. Therefore, the relation of the Student Union to the existing Cafeteria should be a secondary consideration in selecting the location for the Student Union. Access from the Cafeteria to the Student Union, would decrease the efficiency of the classes conducted in the classroom wing in which the cafeteria is now located, since there would be a great amount of student traffic through the corridors.

The architects final recommendation deals with the location of the building. The site chosen should be:

- close to parking areas.
- removed from the library.
- center of ultimate development of college.
- easily accessible and recognizable by the public.

The proposed site north of the existing classrooms meets all listed requirements except that it is at one end of the ultimate development. A site west of the existing development, entered from Alisal Street, would serve as a buffer between the athletic fields and the academic buildings, and would meet all other requirements, except that it would be far removed from the parking areas. If it proved feasible to move the parking areas to this general location, such a site would prove ideal. However, the adding of considerable traffic to Alisal Street, might prove detrimental to the neighborhood east of the school.

Mr. Kasavan plans to have the first draft completed in about two weeks. This draft will be what is called an 'impossible draft.' It will enable the Board to cut down on certain facilities in the building to reach the maximum price of \$100,000. During the next Board of Trustees meeting on March 16, this condensation of expenses will take place. From then on it will be literally 'hashed' out between the architect and the board. When a proposed plan has been settled on, the Board will present it to the Hartnell student union committee for their approval. Upon the agreement by the students it will be sent to the Division of School House Planning in Sacramento for the final okay.

On the arrival of the States' approval, the Hartnell College District will be open for thirty days for bids on the building of our student union. All this planning and processing is now in rapid procedure.

The Board feels that the actual building of the student union will take place in the fall of '54, but hopes it will start sooner.

John B. Lemos is president of Hartnell College.

Hartnell's traveling basketball is shown being looked over by Nibs Price, head coach of California. As described in the January 15 issue of The Panther Sentinel, the basketball is being sent to various colleges about the country — in a dream (or nightmare?) schedule for a small junior college. Each of the schools to which it is sent will inscribe on the basketball the score they believe Hartnell would make in a game with them. So far Hartnell has "lost" all of the games, but each of the rival coaches admit that it would certainly be a terrible schedule to have to play.

## Hart Spring Sports Schedule To Begin

Once again comes the time when a young man's fancy lightly turns to thoughts of spring sports.

The twist here is that the respective coaches for the Hartnell track, baseball, golf, and tennis teams would have their prospective young athletes do more than lightly turn to their enjoyed fields. In plain words, hustle, men, the opening of the schedules is just around the corner!

The general outlook for the spring months is encouraging. Oftentimes the small colleges and junior colleges sports program suffers through these warm months. To explain: the three fall months are absorbed by the gridiron monsters, the winter quarter finds basketball the big show, but spring must allot it's athletic-inclined into four major categories — those of baseball, track, tennis and golf.

Here is a pre-season rundown on four Panther spring contingents:

### BASEBALL

Jess Regli's defending NCJCC (Coast Section) champs have gone through their loosening up training and swing into their heavy practice work for the up-and-coming 1954 horsehide season.

Mid-February rains have slowed the baseball conditioning, but with a break from the weatherman the Hart Nine should be set to open the year against the Alumni Saturday, March 6. The Alumni game will be followed by a toughie with the Stanford Braves on March 8.

The Harts will welcome back seven lettermen in Don Ridge, Bill Smith, Dick Herman, Morris Boutte, Richard Adams, Chuck Dillard and Ray Shields. Add to these veterans, several promising freshmen and you have the makings of a fine ball club. Of course this will hinge on the pitching staff. Gone is Jack Brooks, who led the Panthers with a 5-0 league record last year. Dillard has a 2-1 league effort and looms as one of Regli's top chuckers this spring. Harold Kolstad, highly publicized Watsonville prepster, could combine with Dillard to give a good one-two punch to the Maroon and Gold. Ridge and newcomers John Uovich, George Martinez and Al Noren round out the curving prospects.

Regli looks for added power from promising outfielders Charles Staryeli and Dick White.

The infield should be a wild scramble with Don Halterman, Luther McDaniels, Charles Varbel, Don Locke, and Robert Tomczak

among others battling for positions.

Other freshmen scuffling for an opening berth are Paul Nava, Reno Cornaggia, Arland Connor, Gene Deel, outfielders, and Mits Mori and Richard Dix, catchers.

As for league strength, Hugo Bochetti's East Contra Costa nine will be loaded, according to Coach Regli. In addition, all other league teams should be comparatively strong.

### TRACK

A spring sport which is coming into its own is that of track and field. Regarding the Hartnell Panther team, it should give a good account of itself. According to Coach Adams, he believes that this year's squad will do fine and with luck they could win the conference meet.

This season's club will be stronger in the field events than in the running events. In the field events for the Harts there will be Marvin Anderson, Gary Schneider and Bill Williams, in the shot put. In the discus, Anderson and Ted Lang.

Jim Colantro, Max Dosier and Lang will be in the broad jump. In the pole vault, Don Clauson, Leon Champon, Jerry Lauery and Reggie Kenyon. Bob Larson, Arnold Conley and Max Dosier will be in the high jump.

In the running events the local cindermen will have Colantro and Ken Daugherty in the 100 and 220. In the 440 and 880 are Bill Mix, Dale Swire and Richard Avilla. Mile run has Ron Martin and Sylvester Green and the two mile, Jim Neal. In the low and high hurdles, Colantro, Dosier, Larson, and Jim Laporte.

### GOLF

With clearing skies, prospective golfers are loosening up their rusty joints and looking forward to another season on the greens. Monday, March 1 is the first day of scheduled workout, according to Coach Ben Blue. All aspiring divot-diggers are urged to report to Coach Blue immediately, as only five men have indicated their interest in a golf squad this season.

There are six positions, all wide open, on the club. All green fees

## Panthers Ousted In Pennant Race By Marin Tars

Hart cagers dumped three of their last four foes in the past two weeks of play. Two were league wins over M.P.C. and Menlo and one a practice game win over Concordia Business College. The lone loss was an important one with Marin. The loss eliminated the Panther's chance for any honors. Here are the short resumés of the encounters.

### Monterey Peninsula College

Making it nineteen straight wins over their peninsula rivals, the Panthers hard-wooders took a decisive victory from the Monterey Lobos on the loosers home court Wednesday, February 10. Top scorer for Coach Ed Adams' five was Bill Smith. Smith hit for a total of 29 points in the tilt. Morris Boutte, a reserve player, fired the second stringers with his 8 points.

The man with the points for the M.P.C. team was John Loury with a total of 21. The Monterey team, known as the "Weak Sisters" of the league, have yet to take a victory from Adams' basketball squad in five seasons of competitive play.

### Menlo

Have you ever witnessed a game that was lost and yet won? It actually happened Friday, February 12 against the Menlo Oaks. Playing on the Stanford farm school's hardwood, Coach Ed Adams' quintet saw victory stolen from their fingertips by a last-ditch field goal, giving the Oaks a 77-75 squeaker. It was truly a very crucial and heartbreaking game. Bob Larson had his best game of the season in this tilt, dumping 35 points through the mesh.

After the team arrived home learned that Menlo club had used an ineligible player, thus the loss was eliminated and the game was forfeited to Hartnell by a 2-0 score.

### Concordia Business College

Playing before a handfull of fans Wednesday, February 17, the Hartnell Panthers turned back the Concordia Business College quintet 78-69.

Coach Ed Adams' boys were threatened time and time again as the score was tied on several occasions throughout the game. Jack Rowley, former Santa Cruzan, mainly contributed to the issue of defeat for the Concordia five. Rowley dumped in 19 markers for the

are paid for by the college. Those that have signed up at this date are James Armstrong, Al Chappell, Dick Eppley, Clarence Huira, and Charles Skow.

### TENNIS

Coach Darwin Peavy's tennis squad is just beginning it's organizing. The men have not yet been seeded in their rankings. However, an open-challenge match ladder has been posted in the gym for all interested participants. So far the men that have signed up are Troy George, Dave Ingol, Don Johnson, Dick Sargenti, Dale Swire, Warren Tibbs, and Don Wright. George and Tibbs are returning lettermen from last year's team.

## Harts Ready For Conference Foes; Seek Revenge On League Champs

This last week end of February, Salinas will see the Hartnell cagers put the wraps on a successful casaba season, as they seek some measure of revenge against East Contra Costa, the N.C.J.C.C. champs, tonight and fight off the Menlo invaders in Saturday's season closer.

Both encounters promise to be thrillers, and it is apropos that the two contests are scheduled for the Hartnell hardwoods, affording Panther supporters a last look at this season's squad.

East Contra Costa is merely going through the motions of finishing the season out now that it has clinched the league crown. The undefeated Vikings are due for a rude awakening this evening at 8:15 — the Panthers are out to dump their hated rivals!

After having knocked off the Vikes by a 20-point margin in the Small Colleges Tourney, the Harts have dropped two decisions to E.C.C. at Concord by a two-game total of 13 points. In both instances the quality of the refereeing was severely questioned. Coach Ed Adams is quite sure things will be different tonight. Adams has planned with some new defenses to contend with the deadly accuracy of Borghesani, Graham, and Davis. According to last week's statistics, Borghesani was the second leading scorer in northern California J.C. circles, scoring at a 20.1-per-game average.

Tomorrow evening at 8:15 in the season finale, the Menlo five will face the Panthers with an obvious fire in their eyes. Two weeks ago on the Oaks' floorboards, Hartnell was dropped, 77-75, on a last-second field goal. The jubilant Oaks, however, found the following Monday, to their dismay, that they had used an ineligible ball player in their conquest of Hartnell. As a result, the game went into the scorebook as a 2-0 victory for the Harts instead of a 2 point reversal.

Adams' charges realize that Menlo will be out to avenge this insulting loss and will be on their toes to prevent the Oaks from achieving this act of vengeance. Nothing has delighted the Panthers more than dropping Fred Warren's club twice before this season, and they claim they are not to be denied for their third straight Menlo win.

Panthers, raising his game average to the two digit figure.

Adams played his reserves most of the game. This held the score down considerably.

### Marin Tars

Marin Tars knocked the props out from under Coach Adams' pennant hopes with a 72-63 upset win over the faltering Harts at Marin last Saturday.

The high-flying Tars hit an atmospheric percentage of their shots while the Panthers had trouble finding the hoop. Marin swept the backboards handily, leaving the Hart hardwood gang on the short end of the rebounds.

## Sports Review

By DON COSTA

### State Lucky

San Jose State College received five valuable players from Hartnell for next year's Spartan football team. Coach Bob Bronson of the Golden Raiders obtained Tony Teresa, quarter back; Clive Bullian, half back; Johnny Perkins, center; Jerry Ledin, tackle; and Jim Brandon, guard. All have officially enrolled at the college. Jim Crane and Dick Herman are back at the local college, in order to make up for lack of transferable units.

### It Can Be Done

For years now several outstanding track athletes have been trying to run a four minute mile. Up to date, no one has done it. Years ago doctors would say it is impossible for a human being to run that fast. However, with the modern day techniques, athletes may reach that phenomenal margin. The other day in an indoor track meet between Michigan State, Kansas and Illinois, Wes Santee of Kansas came close to the metric mark with a 4:04.6. His best time last year at this time was 4:02.6.
